

## Without You

I can't imagine my life, oh no,  
I can't imagine my life  
without you, without you.  
I don't know what I'd do, because  
I can't imagine my life, oh no  
I can't imagine my life, oh no  
I can't imagine my life  
without you.

My life began the day I met you.  
It's true, it's true.  
Seems every day I learn more about you.  
What can I do, except love you?

(I can't imagine my life  
I can't imagine my life  
I can't imagine my life  
I can't imagine my life)

As years go by, and we grow older,  
I can't imagine my life  
I can't imagine my life  
without you.

Without you without you without  
you without you without you without  
you, without you  
I don't know what I'd do, because  
I can't imagine my life  
I can't imagine my life, oh no  
I can't imagine my life  
without you,  
without you.

(I can't imagine my life, oh no,  
I can't imagine my life)
