Peace and Silence

When you've fallen from grace, and you can't find your place,
find peace and silence.

When the ones you rebuff are the ones that you love,
find peace and silence.

This life is so hard, just by chance we're not scarred.
Holy peace and silence. Holy peace and silence.
Holy peace and silence, silence.

When you cannot explain why you've caused so much pain,
find peace and silence.
Please know that we care, these demons we share,
find peace and silence.

As your day fades to night, let our love bring you light.
Holy peace and silence. Holy peace and silence.
Holy peace and silence, silence.

Holy, holy.
Holy, holy.
Silence, silence.
Silence, silence.

As your day fades to night, let our love bring you light.
Holy peace and silence. Holy peace and silence.
Holy peace and silence,

silence.
